PATIENT: Mullis, Gary

DATE: 11.29.94

OFF WEEK: _____

The attending physician was available and continues to provide supervision for the patients on an ongoing basis.

R. reports general status is adequately stable. He denies inappropriate urges / cognitions. R. reports intermittent depression & anxiety. The focus for R. remains securing his freedom as he awaits 1.95 P.H. and modification of sentence. He remains sad about forthcoming divorce. It remains difficult for R. to accept these changes & loss. He has been @ HARTFORD Co. Det. STR. 6 MTH.. Family contact remains supportive. No new major problems were presented. Will continue to follow case.

PT reports general status is adequately stable. He denies inappropriate urges / cognitions. PT has increased stress in MCDC & peer conflict in K.H. area. He is also concerned for son (Victor) as the boy is having "problems". The son is in therapy. PT holds guilt, remorse, depression & self anger. He is experiencing nightmares of his sexually abusing son. No other problems were presented. PT continues to seek new employment beyond the detention CTR. Will continue to follow case.

Pt. reports general status is stable given his situation. He denies inappropriate urges / cognitions. Pt is adjusting better to HCDC. He saw P.O. & will have a hearing in Sept or Oct. Pt has also applied for a MOS (modification of sentence). He continues to seek employment & his attitude is good. His bible studies help him structure time in a positive fashion. No other major problems were presented. Will continue to follow case.
